POSSIBILITY OF INCLUSION IN THE JOURNAL INTERNATIONAL "UNIVERS DES ARTS"

To give this show a greater impact nationally and internationally, we work with the magazine "UNIVERS des ARTS". Our members can, if desired, insert the photo of a work and their contact with Article on the show that will appear in the journal of June/July/August 2020, (circulation 40 000 copies).

Indeed, in promoting the exhibiting artists and the international Salon of VITTEL, we work for years, with the international journal "UNIVERS des ARTS," well-known magazine for professionals and art lovers.

This issue additional optional, complementing ours article on the show, met in previous years a large membership among the artists. This is a significant impact on readership, both in France and abroad.

Through this collaboration, in the spirit and the approach taken by some great Parisian salons, the diffusion of the Universe can promote Art for the artist, solicitations and contacts beneficial to a growing recognition in the word of Art.

The conditions of this service are calculated without any remuneration for the association ART'EAST.

Interested artists are requested, upon registration, to make direct contact with "Univers des Arts" to receive the full documentation of this proposal.

UNIVERS des ARTS : Monsieur Jean-Louis AVRIL
